

# HLS Rising 3rd Grade

## Summer Enrichment Ideas

*With nearly three months off for summer break, it is important to offer opportunities for your child to periodically review basic skills taught in the previous grade level. Here you will find helpful recommendations for summer enrichment.*

Your child's teacher will send home an individualized letter along with his or her report card. This letter will have suggestions for your child in reading, math, and penmanship.

- *Reading/Literature:* We are continuing to offer a summer reading challenge! Your child will bring home a *100 Days of Summer Reading Challenge Journal* to complete along with a suggested book list. This challenge emphasizes reading throughout the summer. Awards, recognition, and guidelines are designed with that in mind.
  - **R3 Awards and Recognition**
    - Students who complete 100% of their journal will be honored at the beginning of the school year with a special certificate and award book. They will also have their names included on a celebratory banner.
    - Students who partially complete their journal will be recognized for their participation.
    - Students are encouraged to draw a picture on each page, but this is not required for any awards or recognition.
  - **R3 Guidelines**
    - Read every day during the summer, ideally 100 days. Students are not required to read 100 individual books.
    - Write the title of the completed book and the author's name on the lines provided when the book is begun. Include the number of pages read, if applicable.
    - Include one sentence about the book on subsequent days. If students are reading chapter books, entries can be made for individual chapters of books if preferred over daily entries.
    - Journals are due to teachers by the end of the first week of school.

Book suggestions include:

1. Highlands Latin School Supplemental Reading suggestions (under the Students tab on the HLS website)
  2. First through Fourth Grade Read-Alouds (sets available through Memoria Press)
- *Math:* Review +/- fact flashcards through 20, double digit +/- with carrying and borrowing, counting money, telling time to the quarter hour, and skip counting by 2, 3, 4, 5, 6, 7, 8, 9, 10, and 25.
    - *Morning Math Drills:* Please complete 3 Morning Math drills per week. Our goal is the completion of 200 problems in 10 minutes.
  - *Latin:* Review vocabulary, sayings and prayers, and grammar (conjugations and declensions).
  - *Penmanship:* Complete *New American Cursive Workbook 2* (this is the cursive book the students had in second grade). Please encourage the "3 P's" (proper posture, pencil grip, and paper position) and the "3 S's" (proper size, slant, and spacing).
  - *Other:* Preview Classical Studies by reading simple Greek Mythology picture books such as Usborne's *Greek Myths for Young Children* or *Random House Book of Greek Myths*. Review U.S. states with puzzles and online games. Review books of the Bible and the Twelve Tribes of Israel.

*If you have any questions, please feel free to call the school office over the summer. Have a wonderful summer vacation!*
